

Easy Online Bookings for Corporate Travelers

Travelport Traversa™

Looking for ways to excel in corporate travel?

Do you need corporate travel management technology that allows travel policies to be centrally managed and tailored to the needs of individual companies, departments or divisions? If you are in search of technology that serves your clients yet also aligns with your agency's processes and lowers your operational costs, Travelport has a solution.

Success is simple with Travelport Traversa

Both you and your corporate clients need a solution that reduces costs and helps you meet financial goals. Through Travelport Traversa, a leading online booking tool and travel system, you and your clients gain full control over travel policy application, and travelers are empowered to book trips in minutes via the Web. Traversa achieves high adoption rates among business travelers, contains corporate travel spending, streamlines your agency's workflow and frees your time to focus on more complex itineraries and grow your business.

THE CONTENT, FLEXIBILITY AND CONTROL CORPORATE TRAVEL DEMANDS

- > **A one-stop travel booking shop** combines travel policy and personal traveler preferences with the rich travel content travelers demand
- > **Highly configurable options** drive business travelers to preferred content to positively influence the performance of travel supplier contracts
- > **Flexible search parameters** allow searches to be led by price, schedule, flight options, vendor preference, car type, distance to hotels and more
- > **Customized home pages** can reflect your corporate customers' unique branding and information, such as logos, announcements, links, traveler tools and more
- > **Workflow options** enable corporate travel administrators to enforce policy during the travel booking process

Agency

Win and keep corporate business with a leading online travel tool
